WHY GARDEN CITY?

Investing in our residential units gets you more than the unit. You effectively get to be a part owner of our 47-acre City with unlimited access to all the amenities and spaces that come with it .

UNPARALLELED LIFESTYLE

We have a diversified mix of amenities that speak to the desires of all demographics. The Garden City Mall is a trolley away with access to East Africa's largest IMAX Cinema.

Our residential developments are served by large green parks and botanical gardens, kids' play areas, commercial-scale gyms and swimming pools, and the largest clubhouses of any development in Nairobi.

MIXED USE COMMUNITY

The 47-acre Garden City was Nairobi's first horizontal mixed-use development.

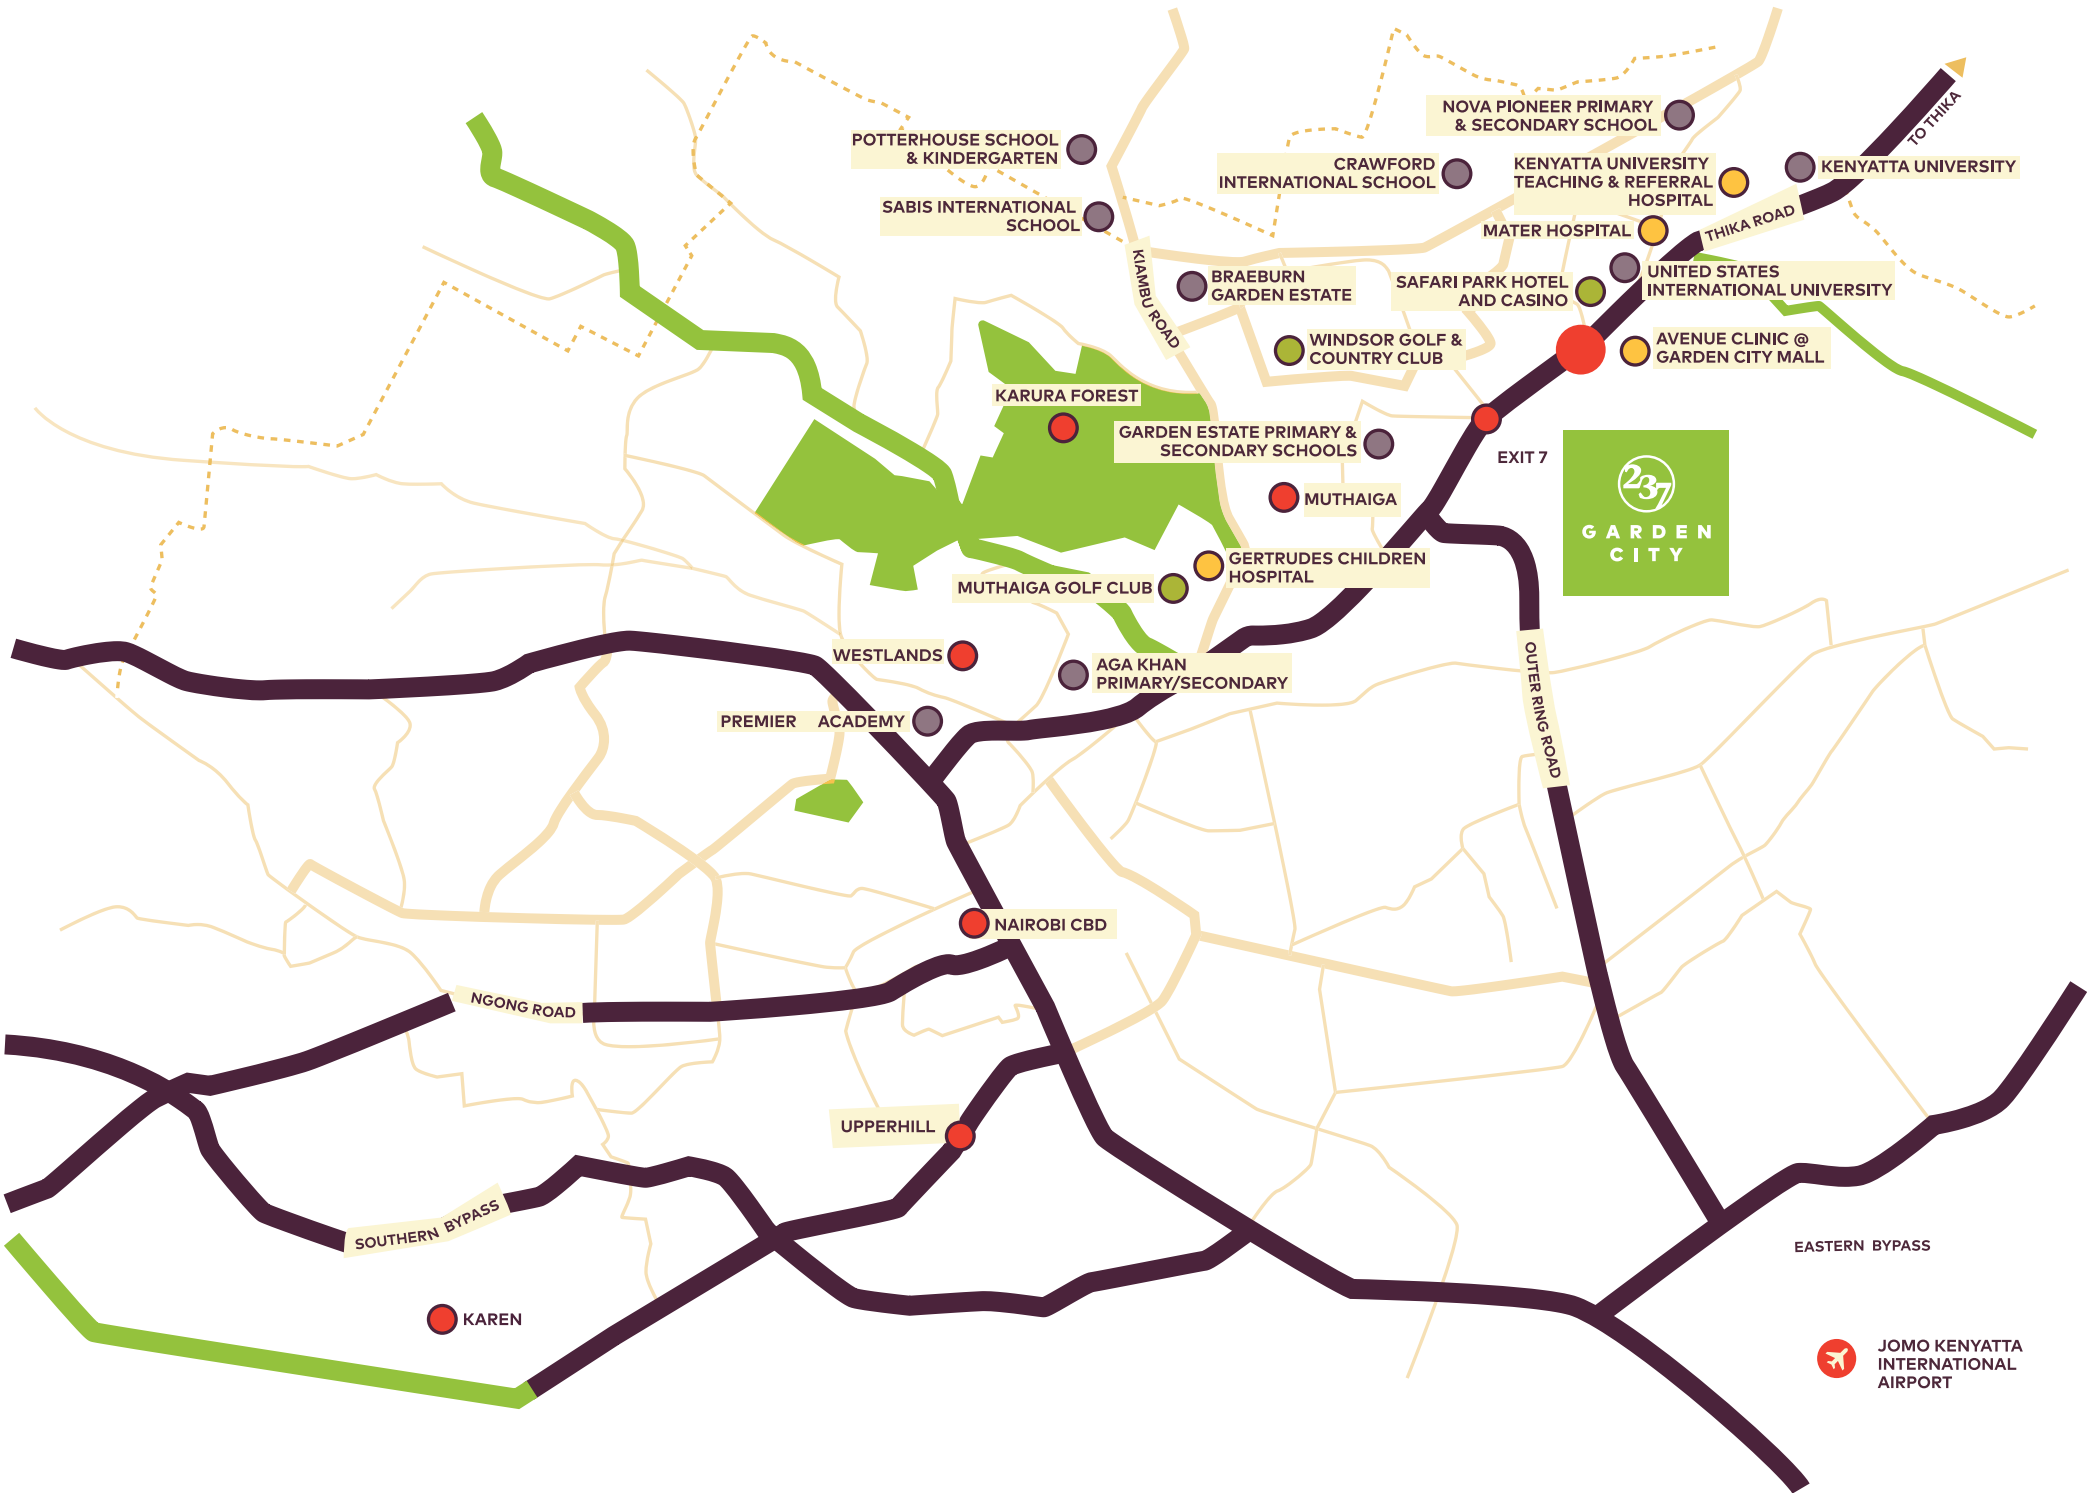

Driven by the growing demand for integrated living, mixed-use developments are able to fetch higher returns on investment for home buyers owing to a premium in price and rent.

The overall quality, planned nature and high-end amenities make Garden City able to sustain long term leasing occupancy, ideal for investors.
